My Car Manager For Windows 8 [Latest-2022]

My Car Manager is a Windows 8 application designed to give you more information about the car you drive. It is designed as a convenient tool to keep track of all expenses associated with the car. It enables you to monitor all the driving costs, either fuel or repair-related. This tool may be used to monitor all types of cars since it can be configured to track information for any vehicle.

The application provides complete fuel, repair, service, parts and related expenses information. After you record the relevant details in this app, you can view the information at any time in the application. The available expense data can be provided in two different ways- either via a calendar or by the summary view. The calendar view enables you to view the details of the expense as an event in a calendar. The summary view displays the information in a concise format to allow for quick review. You can select the expense details in this app using the filter and sorting features. The application will automatically update the expense total when you add or modify expenses. Your expenses will be posted in three major categories - Fuel, Repair and Service. Additional expense categories like Car Registration/Insurance and Car Rental/Trip can be provided separately if required. The application also shows the total expenses for the vehicle. The monthly amount can be easily viewed along with the result of last month or the accumulated expenses of the current month. The application can also be configured to automatically download the expense details for you on a daily, weekly or monthly basis. You can select the expense report to automatically sync with iCal. This way, you can view all the data on your mobile device. You can also set up an alarm for all the expenses within the app. The alarm can be configured to alert you when a predefined threshold of the total expenses is reached. The application is also designed to have a clean interface. It comes with a tabbed interface to give you access to the features while minimizing the distraction. [How to obtain a free trial or edition license for My Car Manager for Windows 8] 1) Fill the form by clicking on the 'Send Your Request' button. 2) After few moments, you will be informed about the license by email. 3) Download the application and start using it.
